

Scribes of the Cairo Geniza

Help researchers prepare ancient documents for transcription

CAMBRIDGE

Hidden for centuries in an attic in Cairo, over 300,000 fragments of pre-modern and medieval Jewish texts—from everyday receipts to biblical works—have yet to be fully deciphered.

Join the project by **sorting** the fragments by script type and level of difficulty or **transcribing** the easy-to-read fragments in Hebrew or Arabic.

Get Started!

Go to scribesofthecairogeniza.org

Sign in or Register in the upper right corner of the page.

Select a workflow: Easy Hebrew, Easy Arabic, or Sort Fragments.
